

Brian Welch

A teacher at Chiles High School, who has never run for office. Brian will fight back against special interests and insiders who don't have our best interests in mind.

Brian Welch will:

Stand up for hard-working people in Leon County

Hold our leaders accountable —
no more “insider deals”!

Restore small businesses

Make sure we all have a real say about
the issues that impact our neighborhoods,
schools and families

Bryan Desloge

The last 14 years have been pretty good for Bryan Desloge on the County Commission, where he sided with developers and political insiders and ignored Leon County families.

Bryan Desloge has:

Accepted thousands in donations from businesses at the
center of an FBI corruption investigation¹

Traveled to DC to stand with Trump as he put the Leon County
water supply at risk²

Close ties to a developer who was indicted on FBI corruption
charges, saying he was a “creative guy”
and rules can get blurred³
